

51602 Triumph Daytona 660 2024> Tail Tidy Fitting Instructions

Kit Includes:

1X C51602 Tail Tidy + Fitting kit

OEM Parts (From the Motorcycle):

3X M6 OEM Bolt

2X M4 OEM Bolt

2X OEM Shouldered Washer

Fitting this Tail Tidy is simple - If in any doubt, seek help from a qualified mechanic.

Assembly Instructions:

- Begin by removing the seat with the key.
- Remove the 3 OEM bolts that secure the Original Licence Plate Holder, remembering to take care when removing these bolts as the Licence Plate Holder will become loose. See '**FIG. 1**' for reference.
- Disconnect the plug from the Rear Light Connector. See '**FIG. 2**' for reference.
- Remove the Licence Plate Holder, ensuring that no wiring is caught in the process.
- Disassemble the Licence Plate Holder. See '**FIG. 3**' for reference.
- Disconnect the connectors and remove the OEM indicators. See '**FIG. 4**' for reference.
- Proceed to remove the OEM Licence Plate Light. See '**FIG. 5**' for reference.
- Loosely fit the OEM indicators to the Tail Tidy, using the M6 fittings provided (M6 x 16 bolts and washers).
- Fit the Licence Plate Light to the Tail Tidy with the M4 OEM bolts and black spacers provided. See '**FIG. 6**' for reference.
- Before fitting the Tail Tidy to the motorcycle, reconnect the Indicators and Licence Plate Light and ensure they are working correctly.
- Neatly feed the wires through the original aperture in the motorcycle, using the heat shrink and cable ties provided.
- Loosely fit the Tail Tidy to the motorcycle using the M6 fixings provided (2 x M6 x 25 bolts, washer and nut), (1 x M6 x 25 bolt and washer). Be sure to reuse the 2 x OEM shouldered washers for the top adjacent holes. (Referenced in '**FIG. 1**'). Alternatively, the OEM bolts can be reused.
- Once the Tail Tidy is in the correct position, fully tighten all fixings.
- Reconnect the plug to the wiring harness.
- Reattach the seat.
- Fit the Licence Plate to the Tail Tidy.

Please Note:

We advise that all fixings are checked periodically.
